Score: _____/5

Directions: You will be working in pairs to come up with a proposal on a new bill and have to work through the political process in order to attempt to get it passed. At the end of the simulation you will reflect on the process and what you learned.

Step 1: Writing the Bill
Title of Your Bill: House Bill #___: ____________________________________________________________
This bill will ensure that ______________________________________________________________________
___________________________________________________________________________________________

Who will benefit if this bill becomes a law? | Who might lose out? | Why is it okay that these people might lose out?
---|---|---

How does this law benefit your constituents? (Use the map to see which state and district you represent. Use the income, race, religion, age, and political beliefs of your constituents as evidence in your response.)
This law benefits my constituents because ______________________________________________________________________
___________________________________________________________________________________________
How is your law enforced?

Who enforces it?

What is the consequence if the law is broken?

**After your bill is signed into law by the President, how will your law be implemented?** Please include here special exceptions, additional details, and step-by-step processes, current practices that need to be changed in order to accomplish your goal.

1. The Executive Department in charge of implementing my bill is ____________________
