

## Geographic Information Systems (GIS)

Make a Portfolio

Name: \_\_\_\_\_

Section: \_\_\_\_\_

Score: \_\_\_\_/10

---

Directions: At semester break here you will be coming up with an App that displays your work to this point. You will be creating an App or presentation that includes samples of some of the maps that you have made so far.

### Maps to be Included:

- Twin Cities Suburbs
- New Mexico Airports
- Minnesota Wild Draft Picks
- Hispanic Population of Miami
- A map of your choice you have made

### Project:

In the my content section Create an App using a template. This could either be in the form of a **Story Map Journal** or as **Story Map Series**. Each of the maps needs to be included with proper titles and descriptions talking about what the map is displaying.

### Scoring:

\_\_\_\_ / 2 Twin Cities Suburb Map

\_\_\_\_/2 New Mexico Airports

\_\_\_\_/2 Minnesota Wild Draft Picks

\_\_\_\_/2 Hispanic Population of Miami

\_\_\_\_/2 Map of your Choice

Maps need to be completed, and published by \_\_\_\_\_ **Monday April 11th** \_\_\_\_\_

- Publish the maps publically and to the class group
