

## World Geography

Explore the Regions

Name:

Section:

Score: \_\_\_\_/5

Directions: You and a partner will be assigned one of the 8 major physical regions of Africa (Sahara, Sahel, Swahili Coast, Savanna, Ethiopian Highlands, Southern Cape, Central Rainforest, or the Great Lakes) and you will need to fill out the E.S.P.N chart below. You will also need to list which countries your physical region covers. Use the website by PBS called Africa: Explore the Regions to help you.

**Countries Physical Region in is:**

### E.S.P.N Chart

Directions: In each of the boxes below come up with 3-5 possible positive or negative effects of the physical region

Economic	Political
Social	Natural

**Additional Information** – Go on the CIA World Factbook or Population Reference Bureau and find one additional piece of information that you find interesting about each country your physical region is in. Bonus if you can somehow explain how the piece of information is connected to the physical region.
