Nationalize or Privatize

Name:

Instructions: Read the article [Privatizing State Parks Can Save Them...Or Wreck Them](#) by the Pew Research Center and answer the following series of questions. We will discuss this article next class and the central arguments contained within it.

1. Sum up what is the central debate in privatization and nationalization? Basically, explain those two concepts in relation to the systems of parks and preserved areas.
2. Summarize the arguments within the article for privatizing the state parks.
3. Summarize the arguments within the article against privatizing the state parks.
4. Decide for yourself - do you think parks should be privatized or not? Explain your position and support your argument using information from the article.
