

World History
Simulation Handout

Name: _____
Section: _____
Score: ____/10

Directions: You will be assigned one of the powers responsible for creating the terms of the Treaty of Versailles. Using the role sheet fill out the left column of the table below. You will be presenting your possible solution and will need to defend your decision in order to convince the delegation to adopt your proposal. Use the map at the bottom of the table to help with your decisions.

Treaty of Versailles Simulation		
Issue	What your country suggests doing? Why do you believe this is the best course of action?	What did the treaty of Versailles actually end up doing ?
What should be done about the Ottoman Empire?		
What should be done about the Austro-Hungarian Empire?		*
What should be done with the wealthy coal region of the Saar that is still ethnically very German? (Currently controlled by Germany)		
What should be done with the territory of Alsace Lorraine that is ethnically French and German? (Currently controlled by Germany)		
What should be done with Germany's overseas possessions (colonies)?		
What should be done with Germany's armed forces?		

Who should accept responsibility for the war?		
How should the war debt of the countries be dealt with?		
What is your stance on joining the League of Nations? (An organization similar to the United Nations)		*

*Requires Internet Research

German Territory at the end of World War I

Thought Questions:

1. What are the possible German reactions to what your country has proposed? Why do you believe Germany will act that way? Support your answer using the Assertion, Reasoning, Evidence method.

2. What were the main motivations of three main powers at the treaty negotiations? (You will need to look over the simulation readings of the other two powers to find their motivations)

France:

United Kingdom:

United States:

3. Was your country successful in completing all of its goals? What major complications did you have?
