Korean Peninsula Warm-Up

Name:

Section:

Directions: Use the map below to work with your partner and come up with 5 difference between North Korea and South Korea (Not just North Korea does not have as many lights).

Make 5 inferences about North Korea and South Korea based on the above picture of the Korean Peninsula at night taken Jan 30th, 2014 by NASA. (Think about things such as educational systems, access to resources, medical care, etc...). Be prepared to explain and defend your answer.
