

# Geographic Information Systems (GIS)

Applications of GIS

Name: \_\_\_\_\_

Section: \_\_\_\_\_

Score: \_\_\_\_/5

---

Directions: Go to the website [www.esri.com](http://www.esri.com) and click on the “industries” tab along the top bar. Choose an industry you are interested in and answer the following questions below. This is an individual activity so you should not have similar answers to anyone else.

**Industry** \_\_\_\_\_

Explore the information for the industry and come up with 5 potential uses or applications of GIS for your particular industry.

1.

2.

3.

4.

5.

Watch one of the videos (if available) associated with the industry and summarize the main points of it and how the particular person uses GIS

Explore one of the interactive demos and explain what the map shows and the potential uses.

What the map shows:

Potential uses:
