## Collecting Forms of Data

Name:

Section:

Score: \_\_\_\_/5

**Directions:** Work with a partner to plan out an observation in the Desert dome where you collect Quantitative and Qualitative data. Figure out what information you will be looking for, then as a class we will travel to the dome where you will be able to collect your information. If you are planning on collecting information on human guests please pre-clear your idea with the teacher first.

1. Explain the qualitative properties being examined
2. Explain the quantitative properties being examined
3. Record your Data

### Thought Questions:

4. What worked well with your data collection process?
5. What would you do differently next time in your data collection process?
