

Environmental Policy

Dakota Access Pipeline Section:

Leveled Assessment _____/4 Score: _____/5

Directions: Use available resources (suggested websites linked on course website) to answer the following thought question. Your answers should be a solid 4-6 sentence paragraph explaining your position, reasoning, and supportive evidence from reputable sources.

Name:

Should the Dakota Access Pipeline be allowed to be built? In your explanation you must include considerations of NEPA regulations, congressional decisions, presidential actions, or supreme court decisions (at least two). Your explanation should also include a counter argument, and then a defense against the counter argument.
