Effects of Deforestation

Leveled Assessment: _______/

Section: 4 Score: /5

Name:

Directions: Use the Amazon Footprint and Deforestation Swipe Map (linked on the course website) to answer the following questions below.

1. Use the swipe map to identify three cities that have large footprints and limited amounts of deforestation. (list the three cities with their populations)

- 2. Use the swipe map to identify three cities that have small amounts of deforestation. (list the three cities with their populations)
- 3. What trends are there between the cities with large amounts of deforestation versus the cities with limited amounts of deforestation? Come up with a possible explanation for the differences. (Ex. Locational, Economic, Population, etc...)

4. Come up with three ways that local organizations (Zoos, NGOs, Local Businesses) can combat global deforestation.
