

S	Sociology	Name:	
	Group Dynamics	Section:	
i	Leveled Assessment/4	Score:/5	

Directions: After doing the notes on Group Sociology answer the following series of thought questions connected to the idea of Group Dynamics. For this activity you will be examining a specific group. This could be a religious group, family group, sports team, school activity, etc...

## **Thought Questions:**

- 1. Examine a group that you are personally involved in.
  - a. Which group will you be examining?
  - b. What is the purpose of the particular group?
  - c. How do members within the group interact? What are the expectations for members of the group?

- d. What types of rules or norms does the group have?
- e. What type of role does leadership have within the group? How are/were leaders selected?
- f. What other types of groups does this group interact with? How do they interact with those other groups?
- g. How are members added to the group? What is the process for incorporating new members into the group?
