

AP Human Geography

Hungry Planet

Name: _____

Section: _____

Score: ____/5

Directions: Analyze each of the 9 family food photos shown and for each one record any observations you have about their diet. Analyze the amount of processed food they eat, varieties of fruits and vegetables, availability of dairy or meats. Also take into account the costs and potential nutritional value of their diets. Also make observations of the general wealth/status of the family based off the food and housing.

Family #1	Family #4	Family #7
Family #2	Family #5	Family #8
Family #3	Family #6	Family #9
